OUTREACHY

WHAT IS OPEN SOURCE?

- Software or projects where the original code or design is made freely accessible to the public.
- modified, used and shared by anyone.
- This openness fosters collaboration, innovation, and community–driven development.

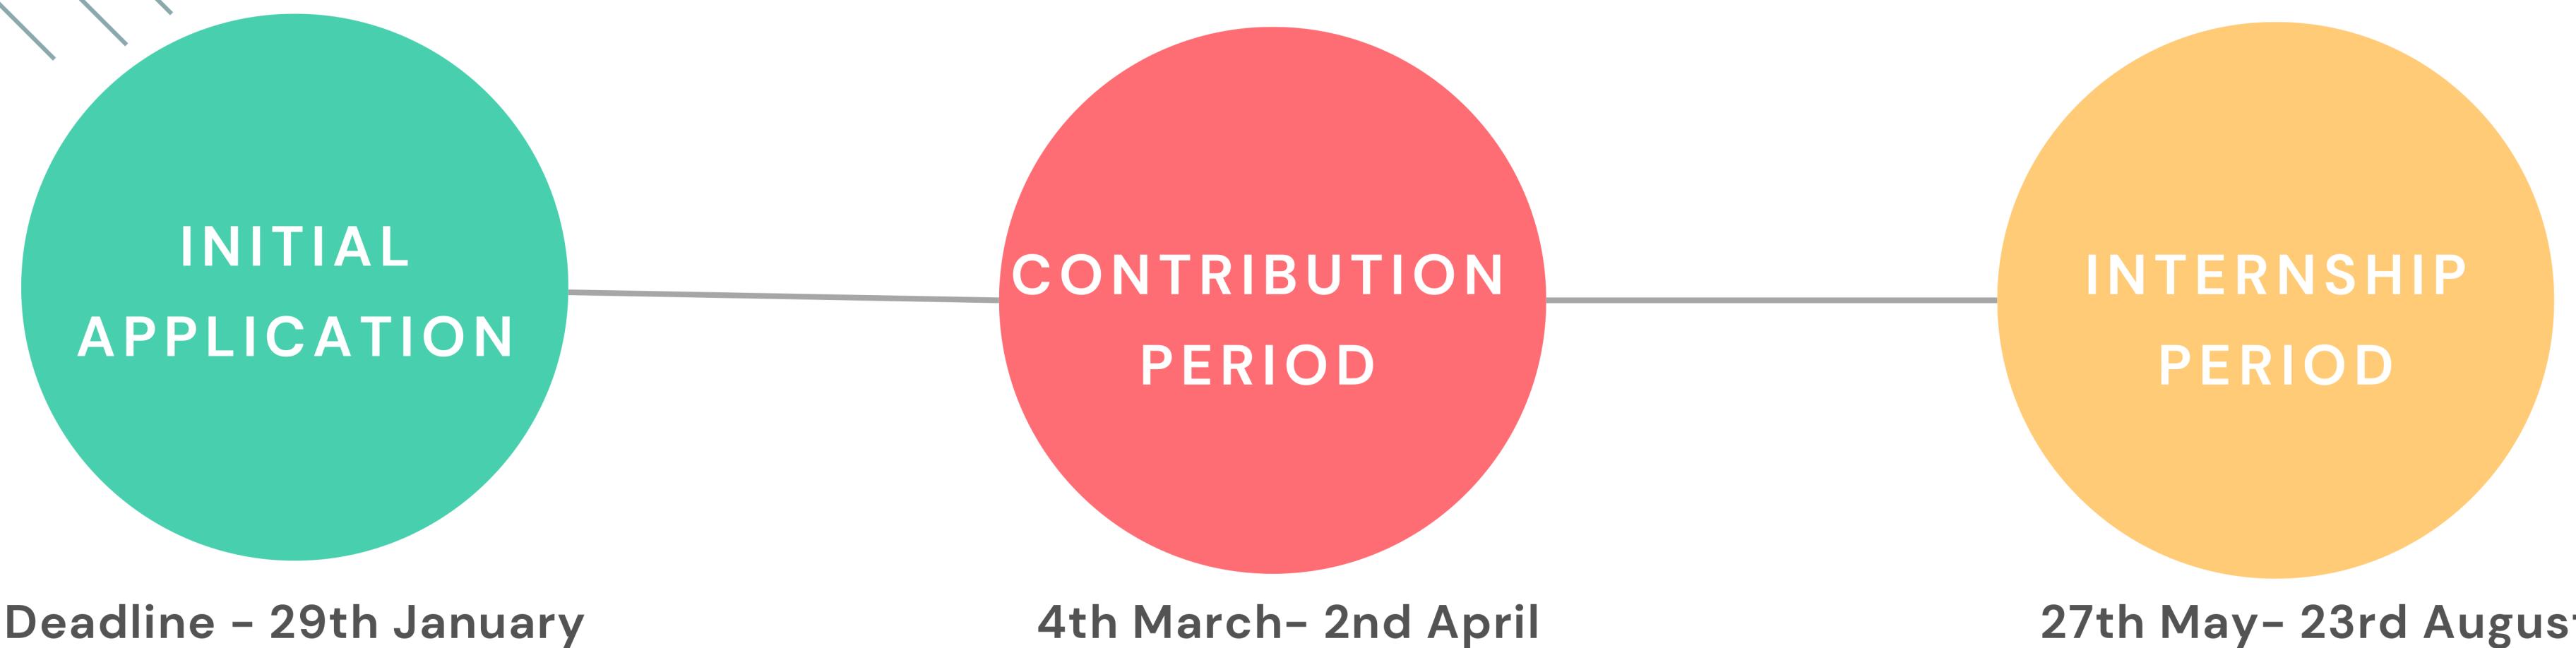

WHAT IS OUTREACHY?

An opensource internship that celebrates diversity :)

But more than an internship, it's an experience <3

TIMELINE

INITIAL APPLICATION

ELIGIBILITY QUESTIONS

Eligibility:

Simple one-word type questions-> availability, country of residence, country of work and other commitments during the internship period, visa, and time-zone.

ESSAY QUESTIONS

1. Are you a member of an underrepresented group in the technology industry of your country? How do you experience underrepresentation?
2. If you were to apply for a job in the technology industry of your country, what systemic biases or discrimination do you anticipate encountering?
3. Does your learning environment have a limited number of individuals who share your identity or background? Please provide specific details.
4. What systemic biases or discrimination have you encountered while developing your skills?

CONTRIBUTION PERIOD

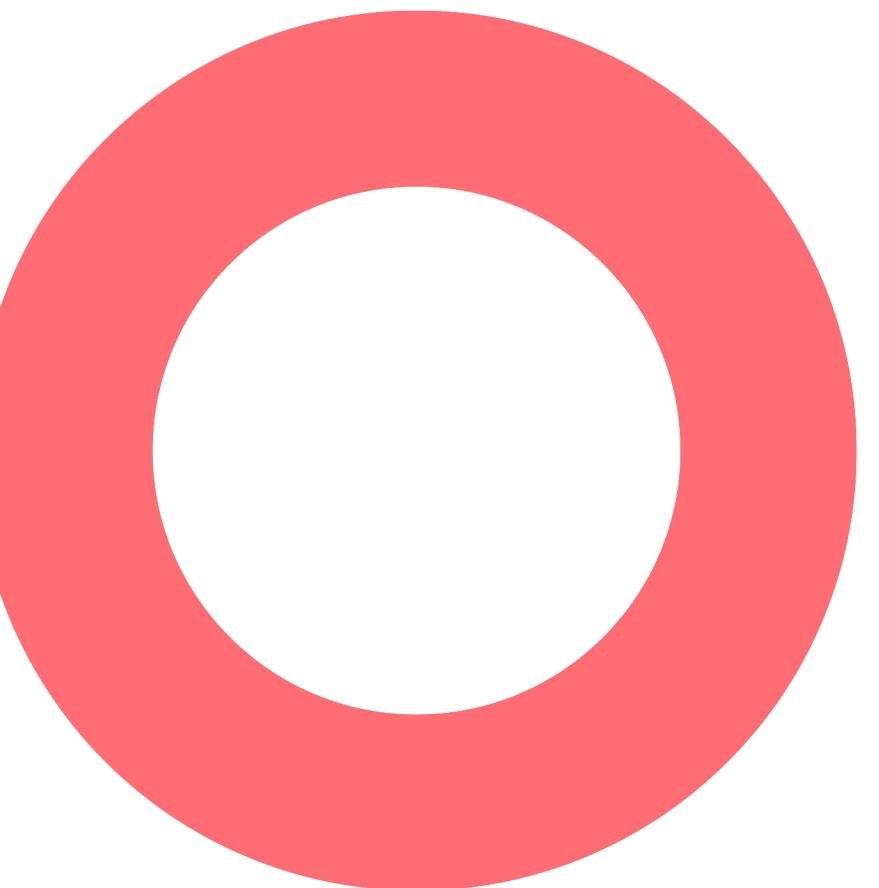

Remember: You can submit only 2 proposals for 2 projects at the end of the month-long contribution period

Interact and network with the community – Slack and Mailing Lists

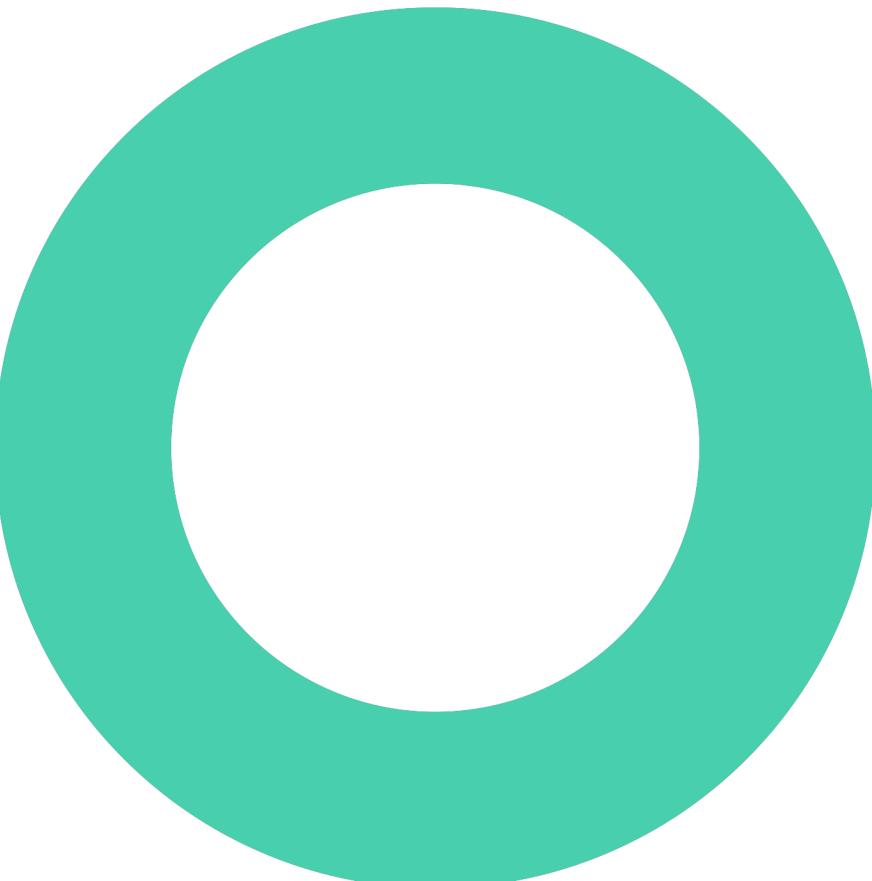

RESOURCES TIPS AND SUGGESTIONS

- Git and Github – tip: practice with friends – Hacktoberfest Git CheatSheet
 - Documentation for that particular tech stack
 - go through past projects and organisation – <https://www.outreachy.org/past-projects/>
-
- **DON'T GIVE UP, It can be intimidating but help is available**
 - Projects not aligning with your tech stacks -> explore new tech stack.
 - quality proportional to time.
 - be active in community/ communication channels.
 - having doubts? ask clear questions.
 - Make clear detailed PR.
